1 TON LORRY

1 ton truck overall lorry height is 2.80 meter, width 1.65 meter, length is 3.20 meters and inner height is 1.9 meter. Our lorry capacity for one ton is a light duty truck, which is designed to transport lighter items. It is used extensively for transporting small goods and equipments among our customers.

3 TON LORRY

Medium and heavy duty truck. It also known as 17ft lorry where it is commonly used for local moves. The dimension is come with 500cm x 189 cm x 180cm, it really well fit for customer who staying in the living space of 1200 Sq Ft or condominium

ROLL ON ROLL OFF (RORO)

Haul many types of bins or containers. This can significantly cut costs for contractors, municipalities and others by reducing fleet sizes. Containers for forklift trucks provide convenient, ground-level loading and unloading of materials. forklift-equipped trucks can easily position containers when you drop them off.

FORKLIFT

Forklift transport is one of the most underappreciated skills involved with heavy-duty machinery. Forklifts can unload pallets of bricks, construction materials and steel joists from the delivery truck and transport them to the job site.

OUR VALUED CUSTOMERS
